November 14, 2023

Ms. Jane Paglioni  
7144 North Hall Drive  
Durham, N.C. 27517

Dear Ms. Paglioni

I am writing you this letter because you are a teacher within the Durham Public Schools district. Your hard work at George Watts Elementary School has not gone unnoticed over the last five years.

Keeping children focused, specifically your first graders, is a tall task. Since the pandemic, teachers have had an increasingly difficult time keeping children engaged in lessons, activities, or even seemingly simple tasks such as lining up for lunch.

ClapOnce will bring your class to attention in a matter of seconds. Designed to make loud, abrupt noises that simulates clapping, a ClapOnce allows you to gain control of your class without any yelling, screaming or further chaos ensuing.

For only \$14.99, you can have your ClapOnce shipped overnight with no shipping or processing costs! To purchase online, visit [www.ClapOnce.com](http://www.ClapOnce.com) or call (919)-919-9199 to place an order over the phone.

Sincerely,

***Logan Madden***
